Chapter 1: Intent and Objective

1.1 Intent and Objective

- 1.1.1 It is the intent and objective of the Government of India to attract and promote foreign direct investment in order to supplement domestic capital, technology and skills, for accelerated economic growth. Foreign Direct Investment, as distinguished from portfolio investment, has the connotation of establishing a 'lasting interest' in an enterprise that is resident in an economy other than that of the investor.
- 1.1.2 The Government has put in place a policy framework on Foreign Direct Investment, which is transparent, predictable and easily comprehensible. This framework is embodied in the Circular on Consolidated FDI Policy, which may be updated every year, to capture and keep pace with the regulatory changes, effected in the interregnum. The Department of Industrial Policy and Promotion (DIPP), Ministry of Commerce & Industry, Government of India makes policy pronouncements on FDI through Press Notes/Press Releases which are notified by the Reserve Bank of India as amendments to the Foreign Exchange Management (Transfer or Issue of Security by Persons Resident Outside India) Regulations, 2000 (notification No.FEMA 20/2000-RB dated May 3, 2000). These notifications take effect from the date of issue of Press Notes/ Press Releases, unless specified otherwise therein. In case of any conflict, the relevant FEMA Notification will prevail. The procedural instructions are issued by the Reserve Bank of India vide A.P. (DIR Series) Circulars. The regulatory framework, over a period of time, thus, consists of Acts, Regulations, Press Notes, Press Releases, Clarifications, etc.
- 1.1.3 The present consolidation subsumes and supersedes all Press Notes/Press Releases/Clarifications/Circulars issued by DIPP, which were in force as on April 16, 2014 and reflects the FDI Policy as on April 17, 2014. This Circular accordingly will take effect from April 17, 2014 and will remain in force until superseded in totality or in part thereof. Reference to any statute or legislation made in this Circular shall include modifications, amendments or re-enactments thereof.
- 1.1.4 Notwithstanding the rescission of earlier Press Notes/Press Releases/Clarifications/Circulars, anything done or any action taken or purported to under done taken the rescinded Releases/Clarifications/Circulars prior to April 17, 2014, shall, in so far as it is not inconsistent with those Press Notes/Press Releases/Clarifications/Circulars, be deemed to have been done or taken under the corresponding provisions of this circular and shall be valid and effective.

- 3.10.3.2 Those companies, which are Core Investment Companies (CICs), will have to additionally follow RBI's Regulatory Framework for CICs.
- 3.10.3.3 For infusion of foreign investment into an Indian company which does not have any operations and also does not have any downstream investments, Government/FIPB approval would be required, regardless of the amount or extent of foreign investment. Further, as and when such a company commences business(s) or makes downstream investment, it will have to comply with the relevant sectoral conditions on entry route, conditionalities and caps.
- **Note:** Foreign investment into other Indian companies would be in accordance/ compliance with the relevant sectoral conditions on entry route, conditionalities and caps.
- 3.10.4 Downstream investment by an Indian company which is not owned and/or controlled by resident entity/ies:
- 3.10.4.1 Downstream investment by an Indian company, which is not owned and/or controlled by resident entity/ies, into another Indian company, would be in accordance/compliance with the relevant sectoral conditions on entry route,

conditionalities and caps, with regard to the sectors in which the latter Indian company is operating.

Note: Downstream investment/s made by a banking company, as defined in clause (c) of Section 5 of the Banking Regulation Act, 1949, incorporated in India, which is owned and/or controlled by non-residents/a non-resident entity/non-resident entities, under Corporate Debt Restructuring (CDR), or other loan restructuring mechanism, or in trading books, or for acquisition of shares due to defaults in loans, shall not count towards indirect foreign investment. However, their 'strategic downstream investment' shall count towards indirect foreign investment. For this purpose, 'strategic downstream investments' would mean investment by these banking companies in their subsidiaries, joint ventures and associates.

- 3.10.4.2 Downstream investments by Indian companies will be subject to the following conditions:
 - (i) Such a company is to notify SIA, DIPP and FIPB of its downstream investment in the form available at http://www.fipbindia.com within 30 days of such investment, even if capital instruments have not been allotted along with the modality of investment in new/existing ventures (with/without expansion programme);
 - (ii) Downstream investment by way of induction of foreign equity in an existing Indian Company to be duly supported by a resolution of the Board of Directors as also a shareholders agreement, if any;
 - (iii) Issue/transfer/pricing/valuation of shares shall be in accordance with applicable SEBI/RBI guidelines;
 - (iv) For the purpose of downstream investment, the Indian companies making the downstream investments would have to bring in requisite funds from abroad and not leverage funds from the domestic market. This would, however, not preclude downstream companies, with operations, from raising debt in the domestic market. Downstream investments through internal accruals are permissible, subject to the provisions of paragraphs 3.10.3 and 3.10.4.1.

Chapter 4: Calculation of Foreign Investment

4.1 Total Foreign Investment i.e. Direct and Indirect Foreign Investment in Indian Companies

- 4.1.1 Investment in Indian companies can be made both by non-resident as well as resident Indian entities. Any non-resident investment in an Indian company is direct foreign investment. Investment by resident Indian entities could again comprise of both resident and non-resident investment. Thus, such an Indian company would have indirect foreign investment if the Indian investing company has foreign investment in it. The indirect investment can also be a cascading investment i.e. through multilayered structure.
- 4.1.2 For the purpose of computation of indirect foreign investment, foreign investment in an Indian company shall include all types of foreign investments i.e. FDI; investment by FIIs (holding as on March 31); FPIs (holding as on March 31); QFIs (holding as on March 31); NRIs; ADRs; GDRs; Foreign Currency Convertible Bonds (FCCB); fully, compulsorily and mandatorily convertible preference shares and fully, compulsorily and mandatorily convertible Debentures regardless of whether the said investments have been made under Schedule 1, 2, 2A, 3, 6 and 8 of FEMA (Transfer or Issue of Security by Persons Resident Outside India) Regulations, 2000.

4.1.3 Guidelines for calculation of total foreign investment i.e. direct and indirect foreign investment in an Indian company.

(i) Counting the Direct Foreign Investment: All investment directly by a nonresident entity into the Indian company would be counted towards foreign investment.

(ii) Counting of indirect foreign Investment:

- (a) The foreign investment through the investing Indian company would not be considered for calculation of the indirect foreign investment in case of Indian companies which are 'owned **and** controlled' by resident Indian citizens and/or Indian Companies which are owned and controlled by resident Indian citizens.
- (b) For cases where condition (a) above is not satisfied or if the investing company is owned **or** controlled by 'non-resident entities', the entire investment by the investing company into the subject Indian Company would be considered as indirect foreign investment, provided that, as an exception, the indirect foreign investment in only the 100% owned subsidiaries of operating-cum-investing/investing companies, will be

limited to the foreign investment in the operating-cum-investing/investing company. This exception is made since the downstream investment of a 100% owned subsidiary of the holding company is akin to investment made by the holding company and the downstream investment should be a mirror image of the holding company. This exception, however, is strictly for those cases where the entire capital of the downstream subsidiary is owned by the holding company.

Illustration

To illustrate, if the indirect foreign investment is being calculated for Company X which has investment through an investing Company Y having foreign investment, the following would be the method of calculation:

- (A) where Company Y has foreign investment less than 50%- Company X would not be taken as having any indirect foreign investment through Company Y.
- (B) where Company Y has foreign investment of say 75% and:
 - (I) invests 26% in Company X, the entire 26% investment by Company Y would be treated as indirect foreign investment in Company X;
 - (II) invests 80% in Company X, the indirect foreign investment in Company X would be taken as 80%;
 - (III) where Company X is a wholly owned subsidiary of Company Y (i.e. Company Y owns 100% shares of Company X), then only 75% would be treated as indirect foreign equity and the balance 25% would be treated as resident held equity. The indirect foreign equity in Company X would be computed in the ratio of 75:25 in the total investment of Company Y in Company X.
- (iii) The total foreign investment would be the sum total of direct and indirect foreign investment.
- (iv) The above methodology of calculation would apply at every stage of investment in Indian companies and thus to each and every Indian company.

(v) Additional conditions:

- (a) The full details about the foreign investment including ownership details etc. in Indian company(s) and information about the control of the company(s) would be furnished by the Company(s) to the Government of India at the time of seeking approval.
- (b) In any sector/activity, where Government approval is required for foreign investment and in cases where there are any *inter-se* agreements between/amongst shareholders which have an effect on the appointment of the

Board of Directors or on the exercise of voting rights or of creating voting rights disproportionate to shareholding or any incidental matter thereof, such agreements will have to be informed to the approving authority. The approving authority will consider such *inter-se* agreements for determining ownership and control when considering the case for approval of foreign investment.

- (c) In all sectors attracting sectoral caps, the balance equity i.e. beyond the sectoral foreign investment cap, would specifically be beneficially owned by/held with/in the hands of resident Indian citizens and Indian companies, owned and controlled by resident Indian citizens.
- (d) In the I& B and Defence sectors where the sectoral cap is less than 49%, the company would need to be 'owned **and** controlled' by resident Indian citizens and Indian companies, which are owned and controlled by resident Indian citizens.
 - (A) For this purpose, the equity held by the largest Indian shareholder would have to be at least 51% of the total equity, excluding the equity held by Public Sector Banks and Public Financial Institutions, as defined in Section 4A of the Companies Act, 1956. The term 'largest Indian shareholder', used in this clause, will include any or a combination of the following:
 - (I) In the case of an individual shareholder,
 - (aa) The individual shareholder,
 - (bb) A relative of the shareholder within the meaning of Section 6 of the Companies Act, 1956.
 - (cc) A company/group of companies in which the individual shareholder/HUF to which he belongs has management and controlling interest.
 - (II) In the case of an Indian company,
 - (aa) The Indian company
 - (bb) A group of Indian companies under the same management and ownership control.
 - (B) For the purpose of this Clause, "Indian company" shall be a company which must have a resident Indian or a relative as defined under Section 6 of the Companies Act, 1956/ HUF, either singly or in combination holding at least 51% of the shares.

- (C) Provided that, in case of a combination of all or any of the entities mentioned in Sub-Clauses (I) and (II) of clause 4.1.3(v)(d)(A) above, each of the parties shall have entered into a legally binding agreement to act as a single unit in managing the matters of the applicant company.
- (e) If a declaration is made by persons as per section 187C of the Indian Companies Act about a beneficial interest being held by a non-resident entity, then even though the investment may be made by a resident Indian citizen, the same shall be counted as foreign investment.
- 4.1.4 The above mentioned policy and methodology would be applicable for determining the total foreign investment in all sectors, except in sectors where it is specified in a statute or rule there under. The above methodology of determining direct and indirect foreign investment therefore does not apply to the Insurance Sector which will continue to be governed by the relevant Regulation.
- 4.1.5 Any foreign investment already made in accordance with the guidelines in existence prior to February 13, 2009 (date of issue of Press Note 2 of 2009) would not require any modification to conform to these guidelines. All other investments, past and future, would come under the ambit of these new guidelines.

Chapter 5: Foreign Investment Promotion Board (FIPB)

5.1 Constitution of FIPB

- 5.3.1 Companies may not require fresh prior approval of the Government i.e. Minister incharge of FIPB/CCEA for bringing in additional foreign investment into the same entity, in the following cases:
 - (i) Entities the activities of which had earlier required prior approval of FIPB/CCFI/CCEA and which had, accordingly, earlier obtained prior approval of FIPB/CCFI/CCEA for their initial foreign investment but subsequently such activities/sectors have been placed under automatic route;
 - (ii) Entities the activities of which had sectoral caps earlier and which had, accordingly, earlier obtained prior approval of FIPB/CCFI/CCEA for their initial foreign investment but subsequently such caps were removed/increased

- and the activities placed under the automatic route; provided that such additional investment along with the initial/original investment does not exceed the sectoral caps; and
